

OPENDOCK SMARTGATE: TOTAL YARD INTELLIGENCE FROM DOCK TO GATE

Gain complete visibility and control of your operation while reducing delays, cutting costs, and unlocking efficiency at every stage from dock scheduling to yard security.

Truck Arrival

AI Cameras

Auto-detect truck & trailer IDs
Capture timestamped images

QR Self-Check-In

Load details
(BOLs, POs, Driver IDs)

Dock Assignment

2-way SMS

The screenshot shows the OpenDock SmartGate interface. On the left is a sidebar with navigation options: Appointments, Search Appointments, Warehouses, Live Yard View, AI Gate Feed (selected), My Organization, Users, My Carrier Contacts, Insights, Help, Support Chat, and What's New. The main area displays the 'Gate Feed' table with a search bar and filters for Carrier name, Gate, and Direction. The table lists truck arrivals and departures with columns for Picture, Check-in status, Date, Time, Direction, Trailer Type, and Load Number.

Picture	Check-in	Date	Time	Direction	Trailer Type	Load Number
	YES	Wed, 3/26/2025	08:15:35 PST	Ingate	Container	HLBU3317101
	NO	Thu, 3/27/2025	09:30	Ingate	Container	MSCU5403324
	YES	Fri, 3/28/2025	13:22	Outgate	Dry van reefer	-
	YES	Sun, 4/13/2025	20:49	Outgate	Container	CBHU9078090
	NO	Tue, 4/8/2025	01:18	Ingate	Dry van	-
	YES	Wed, 3/26/2025	08:15:35 PST	Ingate	Container	HLBU3317101

Secure the Gate

OpenDock SmartGate uses AI-powered cameras to automatically record everything entering or leaving your yard:

- **Capture Critical Data:** Trailer/Container #, Chassis #, License Plate, DOT #, timestamps, and 360° images
- **Boost Security & Accuracy:** Eliminate manual errors, improve carrier accountability, and gain irrefutable visual proof
- **Driver Check-In:** Cut paper logs and gate delays with driver self-check-in through an automated, contactless, and efficient manner
- **ISR 2305 Compliance:** Automatically collect and report warehouse traffic data to help you avoid fines up to \$11,700/day

Let's simplify your yard together!
